

MEMORANDUM

To: Parks and Recreation Board

From: Jesus M. Olivares, Director
Parks and Recreation Department

Date: April 27, 1999

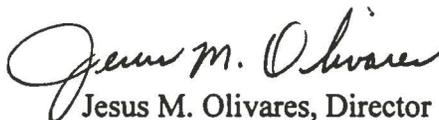

Subject: Construction of Spann Boat dock and Deck at 1208 Rockcliff Drive.

A request has been received from Signor Enterprises on behalf of Scott and Beth Spann to construct a boat dock and deck at 1208 Rockcliff Drive on Lake Austin.

The Parks and Recreation Department (PARD) staff has reviewed plans for the proposed project and finds they meet the requirements of Article VI, Part E, (Requirements for the Construction of Boat Docks) of the Land Development Code.

RECOMMENDATION:

I recommend approval of the above request as detailed in the attached site plan.

Jesus M. Olivares, Director
Parks and Recreation Department

Signor Enterprises, Inc.

512) 264-8300 Fax: 512) 264-8301
17912A Hamilton Pool Road, Austin, Texas 78738

Date: 2/16/99

To: Director Parks and Recreation Department

From: Signor Enterprises Inc.

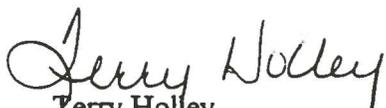

Subject: Dock permit, legal address: Lot 1, Block A, Rockcliff Subdivision

We are requesting approval of our residential boat dock plans at 1208 Rockcliff Road for construction in Feb./March 1999.

The slips are to be built from steel pilings.

This additional construction should not adversely affect any shoreline erosion, drainage, or other environmental concerns.

Thank you for your consideration.

Terry Holley,
Office Manager

Date: 2/16/99
To: City of Austin
From: Signor Enterprises Inc.
Subject: Summary letter for the Spann boatdock at 1208 Rockcliff Road.

This project is in the Lake Austin Watershed as the average lake level at the proposed location is 492.8.

No impervious cover is to be proposed.

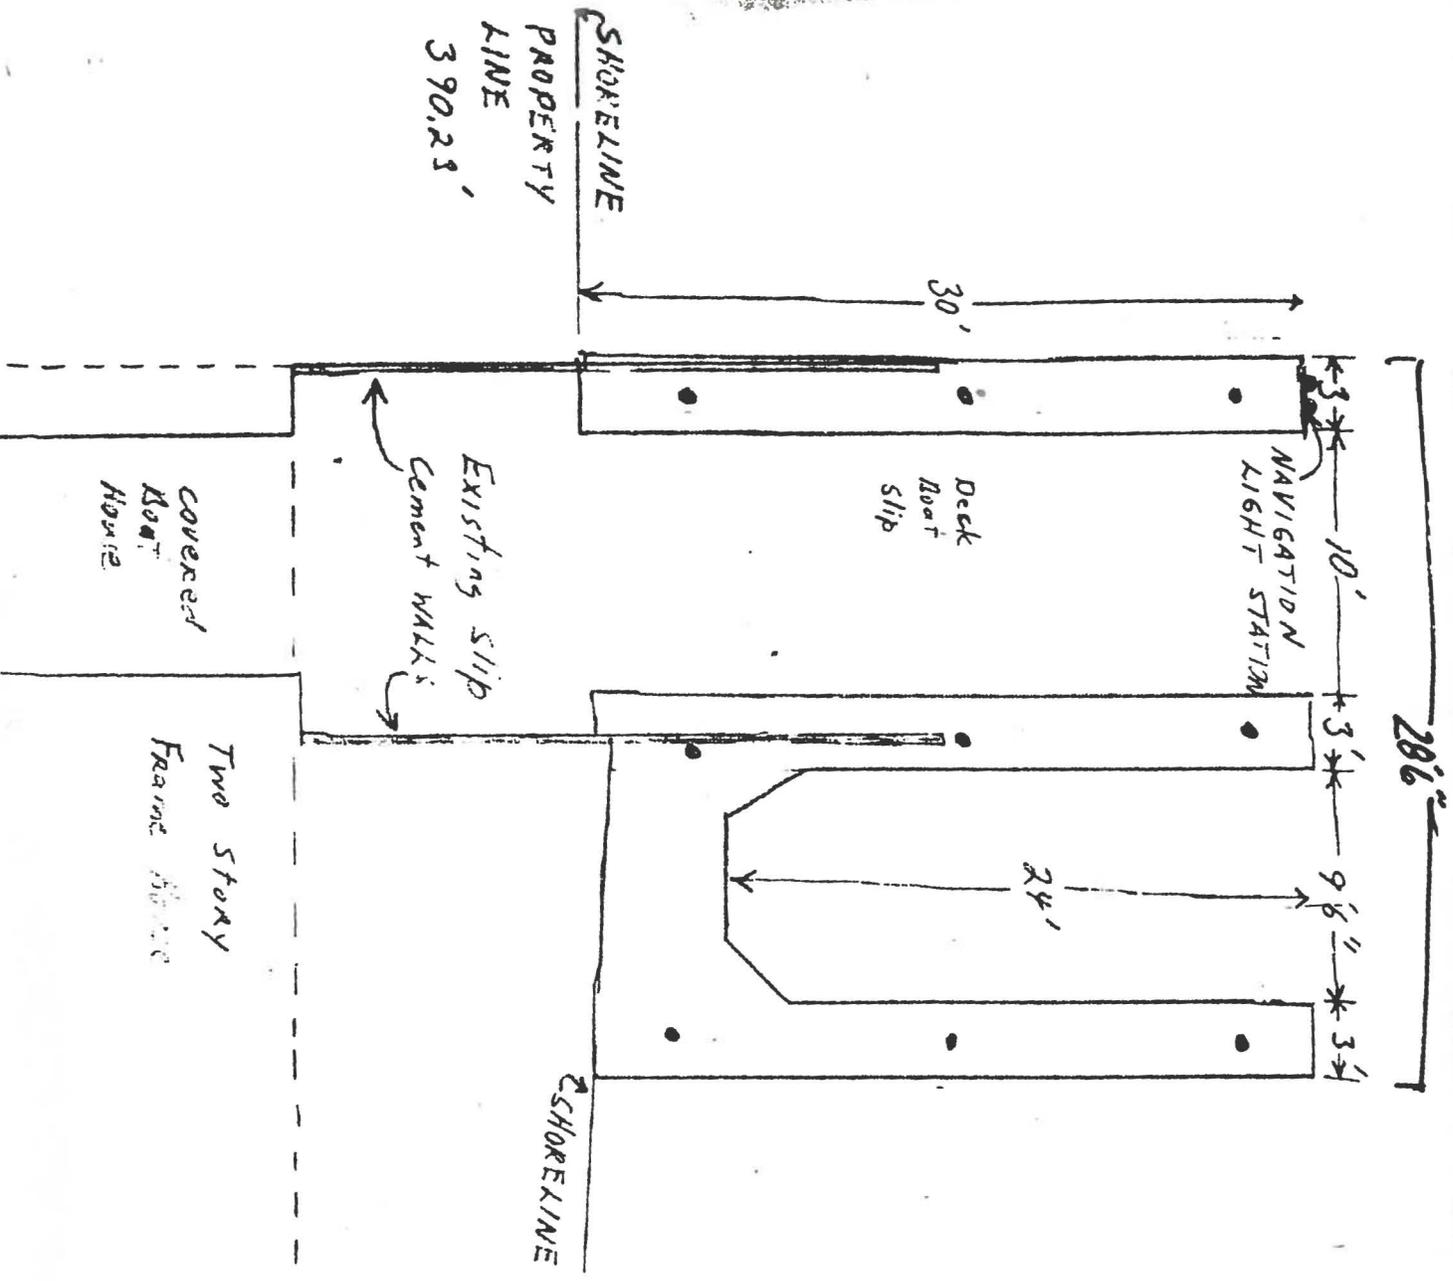

All of the project will be constructed by a barge based crain and pile driver, so no trees will be cleared.

The construction process will be: first the pre-constructoin meeting, then the steel pilings are painted with Red Iron Prime #P524, then driven, the lower boathouse deck and side deck will be built then the roof structure and Navigation lights will be installed

Thank you,

Terry Holley,
Office Manager

MEMORANDUM

To: Parks Board Members

From: Jesus M. Olivares, Director
Parks and Recreation Department

Subject: Congress Avenue Residential Condos

Date: April 27, 1999

A proposal has been received from Page Southland Page on behalf of a client who wishes to build a multi-family residential building at 200 South Congress Avenue. A business office occupies the site, on the west side of the southern approach ramp to the Congress Avenue Bridge.

The planned building, including approximately 52 residential units and 177 parking spaces, has eight floors of single or high-loft units. Vehicles would enter the parking garage from Barton Springs Road.

The currently zoning is LI, Limited Industrial, which permits residential uses. The site is within the South Shore Central Sub-district of the Waterfront Overlay Combining District. The Land Development Code imposes a height limitation of 60 feet. The applicant is requesting a variance to increase the building height to 120 feet. The Waterfront Overlay Combining District was established to "provide a more harmonious interaction and transition between urban development and the park land and shoreline of Town Lake and the Colorado River".

The Land and Facilities Committee reviewed the project on April 20, 1999 and recommended against the variance to permit a 120' height and for a 2:1 ratio of parking spaces to residential units.

Please contact Stuart Strong at 499-6766 if you require additional information.

RE: Walsh Boat Landing

Dear Director:

STANDING COMMITTEES

James Allman
Membership Chair

At our regularly scheduled monthly meeting on 5 April 1999, I requested and received permission from the Executive Committee (ExComm) of WANG to write a statement of support to you concerning PARD's decision to close Walsh Boat Landing during the period of renovation of the water and wastewater system in the neighborhood.

Dudley Houghton
Zoning Chair

COMMITTEE MEMBERS

As you know, WANG and the neighborhood surrounding Walsh have been careful observers of activities at this dedicated public parkland. We would welcome working with PARD in addressing long-term solutions to the ever increasing negative impact this facility has on its neighbors.

Thank you for your past attention on this matter.

Sincerely;

Blake Tollett, President

MEMORANDUM

TO: Mayor and Council Members
City Manager

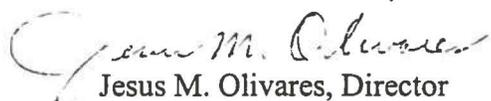

FROM: Jesus M. Olivares, Director
Parks and Recreation Department

DATE: April 21, 1999

SUBJECT: Resolution Concerning Lake Studies

On March 23, 1999 the Parks and Recreation Board Members passed the attached resolution regarding a proposed Lake Study.

If you would like more information on this resolution please let me know. I can be reached at 499-6717.

Jesus M. Olivares, Director
Parks Recreation Department

xc: Joe Canales, Chief of Staff

Resolution Concerning Lakes Study

WHEREAS, Lake Austin, Town Lake and Lake Walter E. Long (“the Lakes”) are within the jurisdiction of the City of Austin; and

WHEREAS, the Parks and Recreation Department and the Parks and Recreation Board have certain responsibilities concerning the approval, construction and inspection of boat docks and concerning navigational safety on the Lakes; and

WHEREAS, uses of the Lakes, including the use of boats and other recreational watercraft for various activities, as well as the construction of numerous residential and commercial boat docks and marinas from the shoreline, has increased due to growth in the city and surrounding areas; and

WHEREAS, increased usage of the Lakes has resulted in overcrowding of the Lakes at peak usage times, has resulted in additional navigational safety problems and may contribute to water and noise pollution; and

NOW, THEREFORE, BE IT RESOLVED, that the Parks & Recreation Board recommends that the Austin City Council commission a usage and safety study of Lake Austin, Town Lake and Lake Walter E. Long for the purpose of determining what actions may be appropriate to ensure the navigational safety and orderly development of the Lakes. It is further recommended that the City seek to obtain the partnership of entities such as the U.S. Army Corps of Engineers and others as may be appropriate to conduct the study. It is further recommended that the study include:

- information concerning the numbers of users of the Lakes both during the daytime and nighttime and during both peak usage periods and non-peak periods;
- information on the use of the Lakes by Lake residents and non-residents;
- seasonal traffic patterns;
- citizens and lake users surveys concerning usage and development of the Lakes and concerning safety issues;
- information about the size and type of boats and other types of watercraft using the Lakes;
- the number and location of residential and commercial boat docks and marinas extending from the shorelines of the Lakes;
- the extent to which the shorelines are developed and the extent to which future development will have and impact on navigational safety and pollution; and
- information concerning water, air and noise pollution that may result from the present and future usage of the Lakes.

COUNCIL AGENDA REVIEW
Prepared April 19, 1999
Greetings!
No Council Meeting this week!

Waiting for Resolution - Under Parks and Recreation Control:

Waiting for Resolution from Other Agencies or Departments:

Approve a twelve month (12) month service agreement with **Red & White Greenery**, P.O. Box 126 Georgetown, Texas 78627 for grounds maintenance services in the amount of \$172,044.62 with the option to extend for two (2) additional twelve (12) month periods in an amount not to exceed \$172,044.62 per extension for a total amount not to exceed \$516,133.86. Reference IFB File No. LT99300102. **(Financial Services as Lead – Scheduled for 4/30/99)**

Dear Mr. Strong,

It has come to our attention that a sub committee within the Parks Dept. has placed on the agenda for the Parks Board a request for variance regarding the Water Front Overlay for the April 27, 1999 meeting.

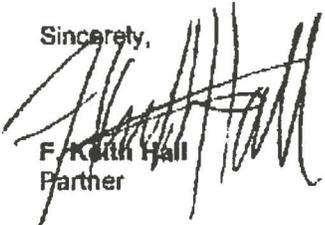

By this letter, we are requesting on behalf of the Owner of this project, that this item be pulled from the agenda.

We have not officially submitted for review, or requested from the Parks Board, any variance at this time.

Attached with this letter, you will see that the Owner has withdrawn their request from the Board of Adjustments.

If you have any questions, please do not hesitate to call.

Sincerely,

F. Keith Hall
Partner
